

Certified Nursing Assistant Information 2020-2021

Congratulations on joining the Certified Nursing Assistant class. This is a great opportunity to gain life skills in a health care field, college credits through Northshore Technical College (NTCC) for free, as well as the ability to get a job paying above minimum wage in a high demand field immediately upon licensure. Through articulation agreements, you will also be able to enter the LPN program with guaranteed admission at NTCC and the ability to then transfer to Southeastern with guaranteed enrollment to their nursing program.

1. Certified Nursing Assistant Background Check required
 - a. Go to this website: <https://br-solutions.net/>
 - b. Scroll down to the CNA Training Program-High School link.

- c. Click and follow directions
 - d. The results will be given to you within a few minutes and **must be brought to school on the first day.**

THERE IS A COST FOR THIS SERVICE. IT WAS \$36.00 LAST YEAR, BUT I AM NOT SURE IF THAT IS STILL THE COST.

2. Students will be required to have a TB test. **Results must be brought the first day of school.**
3. Gray scrubs with Northshore Technical College's logo will be required before going to clinicals. The instructor will give you more information on this.
4. This year the class will be a **full year course**. This will ensure time to complete all coursework, skills, and clinical hours.
5. You will be required to go to the nursing home at some point during the year to complete your clinical hours as well as go to a testing site at Northshore Technical College to complete your final test for your license.
